§ 143-215.104C(a) Creation. - The Dry-Cleaning Solvent Cleanup Fund is established as a special revenue fund to be administered by the Commission. Accordingly, revenue in the Fund at the end of a fiscal year does not revert. The Fund is created to provide revenue to implement this Part.

§ 143-215.104C(-b) Sources of Revenue. - The following revenue is credited to the Fund:

- (1) Dry-cleaning solvent taxes collected under Article 5D of Chapter 105 of the General Statutes.
- (2) Recoveries made pursuant to G.S. 143-215.104N and G.S. 143-215.104O.
- (3) Gifts and grants made to the Fund.
- (4) Revenues credited to the Fund under G.S. 105-164.44E.
- (5) Application fees pursuant to G.S. 143-215.104F(a1).

§ 143-215.104C(c) Disbursements. - A claim filed against the Fund may be paid only from monies in the Fund and only in accordance with the provisions of this Part. Any obligation to pay claims against the Fund shall be expressly contingent upon availability of monies in the Fund. Neither the State nor any of its agencies shall have any obligation to pay any costs for which monies are not available in the Fund. The provisions of this Part shall not constitute a contract, either express or implied, to pay costs in excess of the monies

available in the Fund. In making disbursements from the Fund, the Commission shall obligate monies to facilities or sites with higher priority before facilities or sites of lower priority, and facilities or sites with equal priority in the order in which the facilities or sites were prioritized until the revenue is exhausted. Consistent with the provisions of this Part, the Commission may disburse monies from the Fund to abate imminent hazards by dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have not been certified. Up to twenty percent (20%) of the amount of revenue credited to the Fund in a year may be used to defray costs incurred by the Department and the Attorney General's Office in connection with administration of the program described in this Part, including oversight of response activities.

§ 143-215.104C(-d)

Up to three percent (3%) of the amount of the Fund balance may be used by the Department in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department reasonably believes to be contaminated by dry-cleaning solvent. If the contamination is determined to originate from a dry-cleaning facility, a potentially responsible party may petition for certification of the facility or abandoned facility site. Acceptance of a petition shall be conditioned upon the written acceptance by the petitioner of responsibility for the costs of investigation incurred by the Department pursuant to this subsection. Costs of investigation that are recovered pursuant to this subsection shall not exceed, and shall be credited toward, the financial responsibility of the petitioner pursuant to G.S. 143-215.104F(f). If a potentially responsible party does not petition for certification of the facility or abandoned facility site, the Commission may request the Attorney General to commence a civil action to secure reimbursement of costs incurred under this subsection. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
