

CHAPTER 143
ARTICLE 21 - WATER AND AIR RESOURCES

N.C.G.S. § 143-215.2A.

Relief for contaminated private drinking water wells.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 03:45 UTC	72c6a6bd3610cdbbdbc0ff56 - 385a60da932031cbff271974 - c4cf40537257fe55

- § 143-215.2A(a)

The Secretary shall, upon direction of the Governor, order any person who the Secretary finds responsible for the discharge or release of industrial waste that includes per- and poly-fluoroalkyl substances (PFAS), including the chemical known as "GenX" (CAS registry number 62037-80-3 or 13252-13-6), into the air, groundwater, surface water, or onto the land that results in contamination of a private drinking water well, as that term is defined in G.S. 87-85, to establish permanent replacement water supplies for affected parties. For purposes of this section, the terms (i) "contamination" means an exceedance of a standard established by the Environmental Management Commission for groundwater, surface water, or air quality, or an exceedance of a health advisory level established by the United States Environmental Protection Agency, for any chemical classified as a PFAS, including GenX; and (ii) "affected party" means a household, business, school, or public building with a well contaminated with PFAS, including GenX, as a result of the discharge or release of industrial waste.
- § 143-215.2A(b)

If the Secretary orders a person responsible for the discharge or release of a PFAS, including GenX, that results in contamination of a private drinking water well to establish a permanent replacement water supply for an affected party with such a well pursuant to subsection (a) of this section, preference shall be given to permanent replacement water supplies by connection to public water supplies; provided that (i) an affected party may elect to receive a filtration system in lieu of a connection to public water supplies and (ii) if the Department determines that connection to a public water supply to a particular affected party would not be cost-effective, the Department shall authorize provision of a permanent replacement water supply to that affected party

through installation of a filtration system. For affected parties for which filtration systems are installed, the person responsible shall be liable for any periodic required maintenance of the filtration system. An order issued by the Secretary pursuant to subsection (a) of this section shall include a deadline by which the responsible person must establish the permanent replacement water supply for the affected party or parties subject to the order.

§ 143-215.2A(c)

An order issued by the Secretary pursuant to subsection (a) of this section shall be delivered by registered or certified mail, or by any means authorized by G.S. 1A-1, Rule 4, to the person ordered to establish the permanent replacement water supply and shall include detailed findings of fact and conclusions in support of the order. A person to whom such order is issued may commence a contested case by filing a petition under G.S. 150B-23 within 30 days after receipt of notice of the order. If the person does not file a petition within the required time, the Secretary's decision is final and is not subject to review.

§ 143-215.2A(d)

A person required to establish a permanent replacement water supply pursuant to this section shall be jointly and severally liable for all necessary costs associated with establishment of the permanent replacement water supply. The remedy under this section is in addition to those provided by existing statutory and common law. Nothing in this section shall limit or diminish any rights of contribution for costs incurred herein.

§ 143-215.2A(e)

Nothing in this section shall be construed to (i) require an eligible affected party to connect to a public water supply or receive a filtration system or (ii) obviate the need for other federal, State, and local permits and approvals.

§ 143-215.2A(f)

All State entities and local governments shall expedite any permits and approvals that may be required for the establishment of permanent replacement water supplies required pursuant to this section. (2018-5, s. 13.1(c); 2018-97, s. 4.4(b).)

PINPOINT

N.C. Gen. Stat. § 143-215.2A(a) (2026).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
