- § 143-215.85A(a)

The owner of the real property on which a site is located that is subject to current or future use restrictions approved as provided in G.S. 143-215.84(f) shall submit to the Department a survey plat as required by this section within 180 days after the owner is notified to do so. The survey plat shall identify areas designated by the Department, shall be prepared and certified by a professional land surveyor, and shall be entitled "NOTICE OF OIL OR HAZARDOUS SUBSTANCE DISCHARGE SITE". Where an oil or hazardous substance discharge site is located on more than one parcel or tract of land, a composite map or plat showing all parcels or tracts may be recorded. The Notice shall include a legal description of the site that would be sufficient as a description in an instrument of conveyance, shall meet the requirements of G.S. 47-30 for maps and plats, and shall identify:

(1) The location and dimensions of the disposal areas and areas of potential environmental concern with respect to permanently surveyed benchmarks.

(2) The type, location, and quantity of oil or hazardous substances known to the owner of the site to exist on the site.

(3) Any restrictions approved by the Department on the current or future use of the site.
- § 143-215.85A(b)

After the Department approves and certifies the Notice, the owner of the site shall file the certified copy of the Notice in the register of deeds office in the county or counties

in which the land is located within 15 days of the date on which the owner receives approval of the Notice from the Department.

§ 143-215.85A(c) Repealed by Session Laws 2012-18, s. 1.20, effective July 1, 2012.

§ 143-215.85A(d) In the event that the owner of the site fails to submit and file the Notice required by this section within the time specified, the Secretary may prepare and file the Notice. The costs thereof may be recovered by the Secretary from any responsible party. In the event that an owner of a site who is not a responsible party submits and files the Notice required by this section, he may recover the reasonable costs thereof from any responsible party.

§ 143-215.85A(e) When an oil or hazardous substance discharge site that is subject to current or future land-use restrictions under this section is sold, leased, conveyed, or transferred, the deed or other instrument of transfer shall contain in the description section, in no smaller type than that used in the body of the deed or instrument, a statement that the property has been used as an oil or hazardous substance discharge site and a reference by book and page to the recordation of the Notice.

§ 143-215.85A(f) A Notice of Oil or Hazardous Substance Discharge Site filed pursuant to this section may, at the request of the owner of the land, be cancelled by the Secretary after the hazards have been eliminated. If requested in writing by the owner of the land and if the Secretary concurs with the request, the Secretary shall send to the register of deeds of each county where the Notice is recorded a statement that the hazards have been eliminated and request that the Notice be cancelled of record. The Secretary's statement shall contain the names of the owners of the land as shown in the Notice and reference the plat book and page where the Notice is recorded.

§ 143-215.85A(g) If a site subject to the requirements of this section is remediated pursuant to the requirements of Part 8 of Article 9 of Chapter 130A of the General Statutes, a Notice of Restricted Use may be prepared and filed, with the approval of the Department and in accordance with G.S. 130A-310.71(e) in lieu of a Notice of Residual Contamination or a Notice of Oil or Hazardous Substance Discharge Site. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
