- § 143-465(a)

The Board may issue any license required by this Article on a reciprocal basis with other states without examination to a nonresident who is licensed in another state substantially in accordance with any of the provisions of the Article, provided that financial security as provided for in G.S. 143-467 is met.
- § 143-465(b)

The Board may cooperate or enter into formal agreements with any other agency of this State or its subdivisions or with any agency of any other state or of the federal government for the purpose of enforcing any of the provisions of this Article.
- § 143-465(c)

In order to avoid confusion resulting from diverse requirements and to avoid increased costs to the people of this State due to the necessity of complying with such diverse requirements in the manufacture and sale of such pesticides, it is desirable that there should be uniformity between the requirements of the several states and the federal government relating to such pesticides. To this end the Board is authorized, after public hearing, to adopt by regulation such regulations, applicable to and in conformity with the primary standards established by this Article, as have been or may be prescribed with respect to pesticides by departments or agencies of the United States government.
- § 143-465(d)

No county, city, or other political subdivision of the State shall adopt or continue in effect any ordinance, rule, regulation, or resolution regulating the use, sale, distribution, storage, transportation, disposal, formulation, labeling, registration, manufacture, or application of pesticides in any area subject to regulation by the Board pursuant to

this Article. Nothing in this section shall prohibit a county, city, or other political subdivision of the State from exercising its planning and zoning authority under Chapter 160D of the General Statutes, or from exercising its fire prevention or inspection authority.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
