§ 143-52.3(b) Intent. - The intent of multiple award schedule contracts is to evaluate vendors based upon a variety of factors, including discounts, total lifecycle costs, service, warranty, distribution channel, and past vendor performance. § 143-52.3(c) Multiple Award Schedule Contracts Required. - The acquisition of ground maintenance equipment, construction equipment, communications equipment, and forestry equipment shall be conducted using multiple award schedule contracts, except as provided in this section. Not later than August 31, 2011, the Department of Administration shall issue requests for proposals for multiple award schedule contracts for all ground maintenance equipment product categories, construction equipment product categories, communications equipment product categories, and forestry equipment product categories. Contracts awarded under this subsection shall be for a term of not less than three years with annual product and pricing update periods.

§ 143-52.3(d) Limitation. - Any contract awarded under subsection (c) of this section shall be in addition to any existing term contracts for ground maintenance equipment, construction equipment, communications equipment, and forestry equipment. Nothing in this section shall limit the ability of the Department of Administration to issue additional term contracts for the specific purchase of equipment otherwise available through a multiple award schedule contract. The Department of Public Safety shall not be required to purchase from contracts awarded under subsection (c) of this section for communications equipment. (2011-145, s. 19.1(g); 2011-360, s. 1.)

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
