§ 143A-6(a) Under this Chapter, a Type I transfer means the transferring of all or part of an existing agency to a principal department established by this Chapter. When all or part of any agency is transferred to a principal department under a Type I transfer, its statutory authority, powers, duties, and functions, records, personnel, property, unexpended balances of appropriations, allocations or other funds, including the functions of budgeting and purchasing, are transferred to the principal department.

When any agency, or part thereof, is transferred by a Type I transfer to a principal department under the provisions of this Chapter, all its prescribed powers, duties, and functions, including but not limited to rulemaking, regulation, licensing, and promulgation of rules, rates, regulations, and standards, and the rendering of findings, orders, and adjudications are transferred to the head of the principal department into which the agency, or part thereof, has been transferred.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
