

CHAPTER 143B

ARTICLE 15 - DEPARTMENT OF INFORMATION TECHNOLOGY

N.C.G.S. § 143B-1320.

Definitions; scope; exemptions.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 02:54 UTC	37a50fc3bbd217911037a573 - db4884322411911ca6972b25 - fd4fddc0a92e2af6

§ 143B-1320(a)

Definitions. - The following definitions apply in this Article:

- (1) CGIA. - Center for Geographic Information and Analysis.
- (2) Repealed by Session Laws 2021-180, s. 19A.7A(d), effective January 1, 2022.
- (3) Community of practice. - A collaboration of organizations with similar requirements, responsibilities, or interests.
- (4) Cooperative purchasing agreement. - An agreement between a vendor and one or more states or state agencies providing that the parties may collaboratively or collectively purchase information technology goods and services in order to increase economies of scale and reduce costs.
- (4a) Cybersecurity incident. - An occurrence that does either of the following:
 - a.Actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system.
 - b.Constitutes a violation or imminent threat of violation of law, security policies, privacy policies, security procedures, or acceptable use policies.
- (5) Department. - The Department of Information Technology.
- (6) Distributed information technology assets. - Hardware, software, and communications equipment not classified as traditional mainframe-based items, including personal computers, local area networks, servers, mobile computers, peripheral equipment, and other related hardware and software items.

- (7) Enterprise solution. - An information technology solution that can be used by multiple agencies.
- (8) Exempt agencies. - An entity designated as exempt in subsection (b) of this section.
- (9) GDAC. - Government Data Analytics Center.
- (10) GICC. - North Carolina Geographic Information Coordinating Council.
- (11) Information technology or IT. - Set of tools, processes, and methodologies, including, but not limited to, coding and programming; data communications, data conversion, and data analysis; architecture; planning; storage and retrieval; systems analysis and design; systems control; mobile applications; and equipment and services employed to collect, process, and present information to support the operation of an organization. The term also includes office automation, multimedia, telecommunications, and any personnel and support personnel required for planning and operations.
- (12) Recodified as subdivision (a)(4a) at the direction of the Revisor of Statutes.
- (13) Local government entity. - A local political subdivision of the State, including a city, a county, a local school administrative unit as defined in G.S. 115C-5, or a community college.
- (14) Participating agency. - Any agency that has transferred its information technology personnel, operations, projects, assets, and funding to the Department of Information Technology. The State CIO is responsible for providing all required information technology support to participating agencies.
- (14a) Ransomware attack. - A cybersecurity incident where a malicious actor introduces software into an information system that encrypts data and renders the systems that rely on that data unusable, followed by a demand for a ransom payment in exchange for decryption of the affected data.
- (15) Recodified as subdivision (a)(16a) at the direction of the Revisor of Statutes.
- (16) Separate agency. - Any agency that has maintained responsibility for its information technology personnel, operations, projects, assets, and funding. The agency head shall work with the State CIO to ensure that the agency has all required information technology support.

(16a) Significant cybersecurity incident. - A cybersecurity incident that is likely to result in demonstrable harm to the State's security interests, economy, critical infrastructure, or to the public confidence, civil liberties, or public health and safety of the residents of North Carolina. A significant cybersecurity incident is determined by the following factors:

a. Incidents that meet thresholds identified by the Department jointly with the Department of Public Safety that involve either of the following:

1. Information that is not releasable to the public and that is restricted or highly restricted according to Statewide Data Classification and Handling Policy.

2. The exfiltration, modification, deletion, unauthorized access, or lack of availability to information or systems within certain parameters to include (i) a specific threshold of number of records or users affected as defined in G.S. 75-65 or (ii) any additional data types with required security controls.

b. Incidents that involve either of the following:

1. Information that is not recoverable or cannot be recovered within defined time lines required to meet operational commitments defined jointly by the State agency and the Department.

2. Information that can be recovered only through additional measures and that has a high or medium functional impact to the mission of an agency.

(17) State agency or agency. - Any agency, department, institution, commission, committee, board, division, bureau, office, unit, officer, or official of the State. The term does not include the legislative or judicial branches of government, the Community Colleges System Office, or The University of North Carolina.

(18) State Chief Information Officer or State CIO. - The head of the Department, who is a Governor's cabinet level officer.

(19) State CIO approved data center. - A data center designated by the State CIO for State agency use that meets operational standards established by the Department.

§ 143B-1320(b)

Exemptions. - Except as otherwise specifically provided by law, this Article does not apply to the following entities: the General Assembly, the Judicial Department, the Community Colleges System Office, The University of North Carolina and its constituent institutions, the Office of the State Auditor, the State Board of Elections, the State Highway Patrol, and the Department of State Treasurer. These

entities may elect to participate in the information technology programs, services, or contracts offered by the Department, including information technology procurement, in accordance with the statutes, policies, and rules of the Department. The election shall be made in writing, as follows:

- (1) For the General Assembly, by the Legislative Services Commission.
- (2) For the Judicial Department, by the Chief Justice.
- (2a) For the Community Colleges System Office, by the State Board of Community Colleges.
- (3) For The University of North Carolina, by the Board of Governors.
- (4) For the constituent institutions of The University of North Carolina, by the respective boards of trustees.
- (5) For the Office of the State Auditor, by the State Auditor.
- (6) For the State Board of Elections, by the Executive Director of the State Board of Elections.
- (7) For the State Highway Patrol, by the Commander of the State Highway Patrol.
- (8) For the Department of State Treasurer, other than the Investment Authority under Part 1 of Article 6 of Chapter 147 of the General Statutes, by the State Treasurer.
- (9) For the Investment Authority under Part 1 of Article 6 of Chapter 147 of the General Statutes, by the Board of Directors of the Authority.

§ 143B-1320(c)

Deviations. - Any State agency may apply in writing to the State Chief Information Officer for approval to deviate from this Article. If granted by the State Chief Information Officer, any deviation shall be consistent with available appropriations and shall be subject to any terms and conditions specified by the State CIO.

§ 143B-1320(d)

Review. - Notwithstanding subsection (c) of this section, any State agency shall review and evaluate any deviation authorized and shall, in consultation with the Department of Information Technology, adopt a plan to phase out any deviations that the State CIO determines to be unnecessary in carrying out functions and responsibilities unique to the agency having a deviation. The plan adopted by the agency shall include a strategy to coordinate its general information processing functions with the Department of Information Technology in the manner prescribed by this Article and shall provide for its compliance with policies, procedures, and guidelines adopted by the Department

of Information Technology. Any agency receiving a deviation shall submit its plan to the Office of State Budget and Management as directed by the State Chief Information Officer. (2015-241, s. 7A.2(b); 2019-200, s. 6(d); 2021-180, ss. 19A.7A(d), 38.13(b); 2025-25, s. 39.7; 2025-62, s. 2; 2025-83, s. 2; 2025-89, s. 4.1(a), (a1); 2025-97, s. 7.2(a).)

FULL SECTION

N.C. Gen. Stat. § 143B-1320 (2026).

PINPOINT

N.C. Gen. Stat. § 143B-1320(a) (2026).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
