- § 143B-1773(a)

There is established within the North Carolina Center for Missing Persons the Blue Alert System. The purpose of the Blue Alert System is to aid in the apprehension of a suspect who kills or inflicts serious bodily injury on a law enforcement officer by providing a statewide system for the rapid dissemination of information regarding the suspect. (2)

A law enforcement agency with jurisdiction (i) determines that the suspect poses a threat to the public and other law enforcement personnel and (ii) possesses information that may assist in locating the suspect, including information regarding the suspect's vehicle, complete or partial license plate information, and a detailed description of the suspect, or that a law enforcement officer is missing while on duty under circumstances warranting concern for the law enforcement officer's safety.

(3)

The head of a law enforcement agency with jurisdiction recommends the issuance of a blue alert to the Center.
- § 143B-1773(c)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
