General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 04:50 UTC	0997462a7a01af8733b8321a - fc5535c84792cd5bc7d582db - 180166231a1a6b37

- § 143B-1774(a)

There is established within the North Carolina Center for Missing Persons the Missing Endangered Alert. The purpose of the Missing Endangered Alert is to provide a statewide system for the rapid dissemination of information regarding a missing person, aged 64 or younger, or missing child who is believed to be suffering from dementia, Alzheimer's disease, or a cognitive impairment that causes an irreversible deterioration of intellectual faculties that makes them unable to meet their own needs or to seek help without assistance and that is not a risk to the general public.
- § 143B-1774(b)

If the Center receives a request that involves a missing person or missing child as described in subsection (a) of this section, and at the time of receipt no more than 72 hours have passed since the person or child went missing, the Center shall issue an alert providing for rapid dissemination of information statewide regarding the missing person or missing child. The Center shall make every effort to disseminate the information as quickly as possible when the person's or child's status as missing has been reported to a law enforcement agency, including procedures for the use of the Wireless Emergency Alert.
- § 143B-1774(c)

The Center shall adopt guidelines and develop procedures for issuing a 90-day alert for missing persons and missing children as described in subsection (a) of this section and shall provide education and training to encourage radio and television broadcasters to participate in the alert. The guidelines and procedures shall ensure that specific health information about the missing person or missing child is not made public through the alert or otherwise.

§ 143B-1774(d)

The Center shall consult with the Department of Transportation and develop a procedure for the use of overhead permanent changeable message signs to provide information on the missing person or missing child meeting the criteria of this section when information is available that would enable motorists to assist in the recovery of the missing person or missing child. The Center and the Department of Transportation shall develop guidelines for the content, length, and frequency of any message to be placed on an overhead permanent changeable message sign. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
