There is established the North Carolina Brain Injury Advisory Council in the Department of Health and Human Services to review traumatic and other acquired brain injuries in North Carolina. The Council shall have duties including the following:

Review how the term "traumatic brain injury" is defined by State and federal regulations and to determine whether changes should be made to the State definition to include "acquired brain injury" or other appropriate conditions.

Promote interagency coordination among State agencies responsible for services and support of individuals that have traumatic brain injury.

Study the needs of individuals with traumatic brain injury and their families.

Make recommendations to the Governor, the General Assembly, and the Secretary of Health and Human Services regarding the planning, development, funding, and implementation of a comprehensive statewide service delivery system.

Promote and implement injury prevention strategies across the State. (2003-114, s. 1; 2009-361, s. 3.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
