General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 05:52 UTC	8214720211a1bd922df51cc1 - 306a6b74120d677d112a5b2d - d5188ee8add50653

The Division is responsible for juvenile detention services, including the development of a statewide plan for regional juvenile detention services that offer juvenile detention care of sufficient quality to meet State standards to any juvenile requiring juvenile detention care within the State in a detention facility as follows:

The Division shall plan with the counties operating a county detention facility to provide regional juvenile detention services to surrounding counties. The Division has discretion in defining the geographical boundaries of the regions based on negotiations with affected counties, distances, availability of juvenile detention care that meets State standards, and other appropriate factors.

The Division may plan with any county that has space within its county jail system to use the existing space for a county detention facility when needed, if the space meets the State standards for a detention facility and meets all of the requirements of G.S. 153A-221. The use of space within the county jail system shall be constructed to ensure that juveniles are not able to converse with, see, or be seen by the adult population, and juveniles housed in a space within a county jail shall be supervised closely.

The Division shall plan for and administer regional detention facilities. The Division shall carefully plan the location, architectural design, construction, and administration of a program to meet the needs of juveniles in juvenile detention care. The physical facility of a regional detention facility shall comply with all applicable State and federal standards. The programs of a regional detention facility shall comply with the standards established by the Division. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
