- § 146-22.3(a)

Payment. - A State agency that acquires land by purchase for the purpose of restoring, enhancing, preserving, or creating wetlands as required by a permit or an authorization issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344 must pay to the county in which the land is located, as reimbursement, a sum equal to the estimated amount of ad valorem taxes that would have accrued to the county for the next 20 years had the land not been acquired by the State agency.
- § 146-22.3(b)

Exception. - This section does not apply when the land purchased by the State agency and the wetlands permitted to be lost are located in the same county. In other circumstances, the governing body of the county and the State agency may enter into a written agreement to waive payment.
- § 146-22.3(c)

Amount. - The estimated amount of ad valorem taxes that would have accrued for the next 20 years is the total assessed value of the acquired land excluded from the county's tax base multiplied by the tax rate set by the county board of commissioners in its most recent budget ordinance adopted under Chapter 159 of the General Statutes, and then multiplied by 20.
- § 146-22.3(d)

Application. - This section applies only to land acquired in counties designated as a development tier one area under G.S. 143B-437.08. (2004-188, s. 4; 2006-252, s. 2.14.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
