The assessment resolution may provide that assessments made pursuant to this Article shall be held in abeyance without interest for any benefited property assessed. Water or sewer assessments may be held in abeyance until improvements on the assessed property are connected to the water or sewer system for which the assessment was made, or until a date certain not more than 10 years from the date of confirmation of the assessment roll, whichever event occurs first. Beach erosion control or flood and hurricane protection assessments may be held in abeyance for not more than 10 years from the date of confirmation of the assessment roll. When the period of abeyance ends, the assessment is payable in accordance with the terms set out in the assessment resolution.

If assessments are to be held in abeyance, the assessment resolution shall classify the property assessed according to general land use, location with respect to the water or sewer system (for water or sewer assessments), or other relevant factors. The resolution shall also provide that the period of abeyance shall be the same for all assessed property in the same class.

Statutes of limitations are suspended during the time that any assessment is held in abeyance without interest.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
