

CHAPTER 153A
ARTICLE 15 - PUBLIC ENTERPRISES

N.C.G.S. § 153A-277.

Authority to fix and enforce rates.

SOURCE General Statutes of North Carolina, as published by the General Assembly	LAST AMENDMENT IN THIS TEXT S.L. 2024-32, s. 14(a) — eleventh act in the lineage	RETRIEVED 21 September 2026, 04:12 UTC	SOURCE FINGERPRINT 18d72877bfb485b2fd4e36aa - a9e8b27b2a9690084b0b2163 - 19a0db7c82315ece
--	--	---	--

§ 153A-277(a) A county may establish and revise from time to time schedules of rents, rates, fees, charges, and penalties for the use of or the services furnished or to be furnished by a public enterprise. Schedules of rents, rates, fees, charges, and penalties may vary for the same class of service in different areas of the county and may vary according to classes of service, and different schedules may be adopted for services provided outside of the county. A county may include a fee relating to subsurface discharge wastewater management systems and services on the property tax bill for the real property where the system for which the fee is imposed is located.

§ 153A-277(a1) (1)Before it establishes or revises a schedule of rates, fees, charges, or penalties for stormwater management programs and structural and natural stormwater and drainage systems under this section, the board of commissioners shall hold a public hearing on the matter. A notice of the hearing shall be given at least once in a newspaper having general circulation in the area, not less than seven days before the public hearing. The hearing may be held concurrently with the public hearing on the proposed budget ordinance.

- (2) The fees established under this subsection must be made applicable throughout the area of the county outside municipalities. Schedules of rates, fees, charges, and penalties for providing stormwater management programs and structural and natural stormwater and drainage system service may vary according to whether the property served is residential, commercial, or industrial property, the property's use, the size of the property, the area of impervious surfaces on the property, the quantity and quality of the runoff from the property, stormwater control measures in use by the property, the characteristics of the watershed into which stormwater from the property drains, and other factors that affect the stormwater drainage system. Rates, fees, and charges imposed under this subsection may not exceed the county's cost of providing a stormwater management program and a structural and natural stormwater and drainage system. The county's cost of providing a stormwater management program and a structural and natural stormwater and drainage system includes any costs necessary to assure that all aspects of stormwater quality and quantity are managed in accordance with federal and State laws, regulations, and rules.
- (3) No stormwater utility fee may be levied under this subsection whenever two or more units of local government operate separate stormwater management programs or separate structural and natural stormwater and drainage system services in the same area within a county. However, two or more units of local government may allocate among themselves the functions, duties, powers, and responsibilities for jointly operating a stormwater management program and structural and natural stormwater and drainage system service in the same area within a county, provided that only one unit may levy a fee for the service within the joint service area. For purposes of this subsection, a unit of local government shall include a regional authority providing stormwater management programs and structural and natural stormwater and drainage system services.
- (3a) A county shall not impose a stormwater utility fee on property used for bona fide farm purposes as provided in G.S. 160D-903.
- (4) A county shall not impose a stormwater utility fee on a runway or taxiway located on military property.

- (5) For all airports other than those covered by the exemption in subdivision (4) of this subsection, a county shall list separately the amount of a stormwater utility fee levied on airport runways and taxiways from the amount levied on the remainder of the airport property. An airport shall be exempt from paying a stormwater utility fee levied on its runways and taxiways. To qualify for an exemption under this subdivision, an airport shall use the amount of savings realized from this exemption for attracting business to the airport and shall provide certification to the county that the savings realized shall be used for this purpose. Except as otherwise prohibited under federal law, and upon request, an airport shall provide the levying county with evidence that the full amount of savings realized from the exemption authorized under this subdivision has been used or encumbered for the purpose set forth in this subdivision. Any amount of savings realized from the exemption authorized under this subdivision that is not used or encumbered for the purpose set forth in this subdivision shall be remitted to the county to be used in accordance with applicable law governing the use of stormwater utility fee proceeds. Savings realized from the exemption authorized under this subdivision shall be in addition to, and not in lieu of, any local funding provided by the county to the airport.

§ 153A-277(a2) A county may require system development fees only in accordance with Article 8 of Chapter 162A of the General Statutes.

§ 153A-277(b) A county may collect delinquent accounts by any remedy provided by law for collecting and enforcing private debts, and may specify by ordinance the order in which partial payments are to be applied among the various enterprise services covered by a bill for the services. A county may also discontinue service to a customer whose account remains delinquent for more than 10 days. If a delinquent customer is not the owner of the premises to which the services are delivered, the payment of the delinquent account may not be required before providing services at the request of a new and different tenant or occupant of the premises. If water or sewer services are discontinued for delinquency, it is unlawful for a person other than a duly authorized agent or employee of the county to reconnect the premises to the water or sewer system.

§ 153A-277(b1) A county shall not do any of the following in its debt collection practices:

- (1) Suspend or disconnect service to a customer because of a past-due and unpaid balance for service incurred by another person who resides with the customer after service has been provided to the customer's household, unless one or more of the following apply:
 - a. The customer and the person were members of the same household at a different location when the unpaid balance for service was incurred.
 - b. The person was a member of the customer's current household when the service was established, and the person had an unpaid balance for service at that time.
 - c. The person is or becomes responsible for the bill for the service to the customer.
- (2) Require that in order to continue service, a customer must agree to be liable for the delinquent account of any other person who will reside in the customer's household after the customer receives the service, unless one or more of the following apply:
 - a. The customer and the person were members of the same household at a different location when the unpaid balance for service was incurred.
 - b. The person was a member of the customer's current household when the service was established, and the person had an unpaid balance for service at that time.

§ 153A-277(b2) Notwithstanding the provisions of subsection (b1) of this section, if a customer misrepresents his or her identity in a written or verbal agreement for service or receives service using another person's identity, the county shall have the power to collect a delinquent account using any remedy provided by subsection (b) of this section from that customer.

§ 153A-277(c) Rents, rates, fees, charges, and penalties for enterprisory services are in no case a lien upon the property or premises served and, except as provided in subsection (d) of this section, are legal obligations of the person contracting for them, provided that no contract shall be necessary in the case of structural and natural stormwater and drainage systems.

§ 153A-277(d) Rents, rates, fees, charges, and penalties for enterprisory services are legal obligations of the owner of the property or premises served when:

- (1) The property or premises is leased or rented to more than one tenant and services rendered to more than one tenant are measured by the same meter;
or
- (2) Charges made for use of a sewerage system are billed separately from charges made for the use of a water distribution system.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
