§ 159E-9(a) An issuer, prior to or at original issuance of registered public obligations, may provide as a part of a system of registration that the transferor or transferee of the registered public obligations pay all or a designated part of the costs of the system as a condition precedent to transfer, that costs be paid out of proceeds of the registered public obligations, or that both methods be used. PINPOINT

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
