§ 15A-1225.2(a)

Definitions. - The following definitions apply to this section:

- (1) The definitions set out in G.S. 122C-3.
- (2) Remote testimony. - A method by which a witness testifies outside of an open forum and outside of the physical presence of a party or parties.

§ 15A-1225.2(b)

Remote Testimony Authorized. - An individual with an intellectual or developmental disability who is competent to testify may testify by remote testimony in a prosecution of a person charged with violating a criminal law of this State and in any hearing or proceeding conducted under Subchapter II of Chapter 7B of the General Statutes where a juvenile is alleged to have committed an offense that would be a criminal offense if committed by an adult if the court determines by clear and convincing evidence that the witness would suffer serious emotional distress from testifying in the presence of the defendant and that the ability of the witness to communicate with the trier of fact would be impaired by testifying in the presence of the defendant.

§ 15A-1225.2(c)

Hearing Procedure. - Upon motion of a party or the court's own motion, and for good cause shown, the court shall hold an evidentiary hearing to determine whether to allow remote testimony. The hearing shall be recorded unless recordation is waived by all parties. The presence of the witness is not required at the hearing unless so ordered by the presiding judge.

- § 15A-1225.2(d)** Order. - An order allowing or disallowing the use of remote testimony shall state the findings and conclusions of law that support the court's determination. An order allowing the use of remote testimony also shall do all of the following:
- (1) State the method by which the witness is to testify.
 - (2) List any individual or category of individuals allowed to be in or required to be excluded from the presence of the witness during testimony.
 - (3) State any special conditions necessary to facilitate the cross-examination of the witness.
 - (4) State any condition or limitation upon the participation of individuals in the presence of the witness during the testimony.
 - (5) State any other conditions necessary for taking or presenting testimony.
- § 15A-1225.2(e)** Testimony. - The method of remote testimony shall allow the trier of fact and all parties to observe the demeanor of the witness as the witness testifies in a similar manner as if the witness were testifying in the open forum. The court shall ensure that the counsel for all parties, except a pro se defendant, is physically present where the witness testifies and has a full and fair opportunity for examination and cross-examination of the witness. The court shall ensure that the defendant or juvenile respondent has the ability to communicate privately with defense counsel during the remote testimony. A party may waive the right to have counsel physically present where the witness testifies. Nothing in this section limits the provisions of G.S. 15A-1225.
- § 15A-1225.2(f)** Nonexclusive Procedure and Standard. - Nothing in this section prohibits the use or application of any other method or procedure authorized or required by law for the introduction into evidence of statements or testimony of an individual with an intellectual or developmental disability. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
