§ 15A-1369.5(a) If a periodic medical assessment reveals that an inmate released on medical release has improved so that the inmate would not be eligible for medical release if being considered at that time, the Commission shall order the inmate returned to the custody of the Division to await a revocation hearing. In determining whether to revoke medical release, the Commission shall consider the most recent medical assessment of the inmate and a risk assessment of the inmate conducted pursuant to G.S. 15A-1369.3(b)(2). If the Commission revokes the inmate's medical release, the inmate shall resume serving the balance of the sentence with credit given for the duration of the medical release.

§ 15A-1369.5(b) Revocation of an inmate's medical release due to a change in the inmate's medical condition shall not preclude an inmate's eligibility for medical release in the future or for any other form of parole or release provided by law. (2008-2, s. 1; 2011-145, s. 19.1(h).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
