The current city boundaries shall at all times be drawn on a map, or set out in a written description, or shown by a combination of these techniques. This delineation shall be retained permanently in the office of the city clerk. Alterations in these established boundaries shall be indicated by appropriate entries upon or additions to the map or description made by or under the direction of the officer charged with that duty by the city charter or by the council. Copies of the map or description reproduced by any method of reproduction that gives legible and permanent copies, when certified by the city clerk, shall be admissible in evidence in all courts and shall have the same force and effect as would the original map or description. The council may provide for revisions in any map or other description of the city boundaries. A revised map or description shall supersede for all purposes the earlier map or description that it is designated to replace.

## Citation

## FULL SECTION

N.C. Gen. Stat. § 160A-22 (1973).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
