- § 160A-299.1(a)

Upon proper application by the board of commissioners of a drainage district established under the provisions of Chapter 156 of the General Statutes by the board of trustees of a watershed improvement district established under the provisions of Article 2 of Chapter 139 of the General Statutes, by the board of county commissioners of any county operating a county watershed improvement program under the provisions of Article 3 of Chapter 139 of the General Statutes, by the board of commissioners of any watershed improvement commission appointed by a board of county commissioners, or by the board of supervisors of any soil and water conservation district designated by a board of county commissioners to exercise authority in carrying out a county watershed improvement program, any municipality for roads or streets coming under its jurisdictional control is hereby authorized to permit the intermittent closing of any highway or public road within the boundaries of any watershed improvement project operated by the applicants, whenever in the judgment of the municipality it is necessary to do so, and when the highway or public road will be intermittently subject to inundation by floodwaters retained by an approved watershed improvement project.
- § 160A-299.1(b)

Before any permit may be issued for the temporary inundation and closing of such a road, an application for such permit shall be made to the appropriate municipality

by the public body having jurisdiction over the watershed improvement project. The application shall specify the highway, road, or street involved, and shall request that a permit be granted to the applicant public body to allow the intermittent closing of the road.

§ 160A-299.1(c)

Upon receipt of such an application the municipality shall give public notice of the proposed action by publication in a newspaper of general circulation in the county or counties, within which the proposed intermittent closing of road or roads would occur; and such notices shall contain a description of the places of beginning and the places of ending of such intermittent closing. In addition, the municipality shall give notice to all public utilities or common carriers having facilities located within the rights-of-way of any roads being closed by mailing copies of such notices to the appropriate offices of the public utility or common carrier having jurisdiction over the affected facilities of the public utility or common carrier. Not sooner than 14 days after publication and mailing of notices, the municipality may issue its permit with respect to such road.

§ 160A-299.1(d)

All cost in connection with the publication and mailing of notices shall be paid by the applicant. In the event any municipality issues a permit allowing the intermittent closing of a road, the permit shall contain a provision that the applicant public body having jurisdiction over the watershed improvement project causing the potential flooding shall cause suitable markers to be installed on the road to advise the general public of the intermittent closing of the road.

FULL SECTION

N.C. Gen. Stat. § 160A-299.1 (1975).

PINPOINT

N.C. Gen. Stat. § 160A-299.1(a) (1975).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
