§ 160A-329(a) A municipality shall provide municipal services as defined under subsection (b) of this section to any property if that property owner submitted a petition for voluntary annexation under Article 4A of this Chapter, and the municipal governing board voted on an annexation ordinance for that property but the annexation ordinance failed of adoption. This section applies if the property owner (i) submits to the governing board a notice exercising the provisions of this section within 60 days of this section becoming law and (ii) agrees in writing to all the requirements contained in any utility extension agreement that was presented to the governing board at the same meeting as the annexation that failed of adoption. The municipal governing board may not impose more burdensome requirements or commitments on the property owner that are inconsistent with the requirements and commitments that are contained in the utility extension agreement.

§ 160A-329(b) For purposes of this section, prior to the effective date of the annexation of the property, the term "municipal services" only means water and sewer services, but only if the municipality has water and sewer capacity. For purposes of this section, prior to or after the effective date of annexation into a municipality, for any property subject to a declaration of covenants, conditions, and restrictions of a subdivision that permits an association to enter into agreement with utility providers prior to July 1, 2014, "municipal services" includes water service but not sewer service despite any language to the contrary in an executed and recorded utility extension agreement. For purposes of this section, prior to the effective date of annexation, the term "municipal services"

specifically does not include any of the following services of the municipality: police protection, fire protection, solid waste services, or street maintenance services.

§ 160A-329(c)

Requirements and commitments contained in the utility extension agreement that was presented to the governing board at the same meeting as the annexation ordinance that failed of adoption shall continue as obligations of the agreement unless the city council relieves the property owner of the requirement or commitment. Those requirements and commitments include, but are not limited to, the committed elements of a development plan in a zoning map case approved by the county where the property is located. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
