No electric supplier shall furnish temporary electric service for the construction of premises which it would not have the right to serve under this Part if such premises were already constructed. The construction of lines for, and the furnishing of, temporary electric service for the construction of premises which any other electric supplier, if chosen by the consumer, would have the right to serve if such premises were already constructed, shall not impair the right of such other electric supplier to furnish service to such premises after the construction thereof, if then chosen by the consumer; nor, unless the consumer chooses to have such premises served by the supplier that furnished the temporary service, shall the furnishing of such temporary service or the construction of a line therefor impair the right of any other electric supplier to furnish service to any other premises which, without regard to the construction of such temporary service line, it has the right to serve.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
