The approval of a plat shall not be deemed to constitute the acceptance by the local government or public of the dedication of any street or other ground, public utility line, or other public facility shown on the plat. However, any governing board may by resolution accept any dedication made to the public of lands or facilities for streets, parks, public utility lines, or other public purposes, when the lands or facilities are located within its planning and development regulation jurisdiction. Acceptance of dedication of lands or facilities located within the planning and development regulation jurisdiction but outside the corporate limits of a city shall not place on the city any duty to open, operate, repair, or maintain any street, utility line, or other land or facility, and a city shall in no event be held to answer in any civil action or proceeding for failure to open, repair, or maintain any street located outside its corporate limits. Unless a city, county, or other public entity operating a water system shall have agreed to begin operation and maintenance of the water system or water system facilities within one year of the time of issuance of a certificate of occupancy for the first unit of housing in the subdivision, a city or county shall not, as part of its subdivision regulation applied to facilities or land outside the corporate limits of a city, require dedication of water systems or facilities as a condition for subdivision approval. Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
