§ 161-14(a) After the register of deeds has determined that all statutory and locally adopted prerequisites for recording have been met, the register of deeds shall immediately register all written instruments presented to him for registration. When an instrument is presented for registration, the register of deeds shall endorse upon it the day and hour on which it was presented. This endorsement forms a part of the registration of the instrument. All instruments shall be registered in the precise order in which they were presented for registration. Immediately after endorsing the day and hour of presentation upon an instrument, the register of deeds shall index and cross-index it in its proper sequence. The register of deeds shall then proceed to register it on the day that it is presented unless a temporary index has been established.

The register of deeds may establish a temporary index in which all instruments presented for registration shall be indexed until they are registered and entered in the permanent indexes. A temporary index shall operate in all respects as the permanent index. All instruments presented for registration shall be registered and indexed and cross-indexed on the permanent indexes not later than 30 days after the date of presentation.

§ 161-14(b) All instruments, except instruments conforming to the provisions of G.S. 25-9-521 and any certified copy of a court-filed document, presented for registration on paper shall meet all of the following requirements:

- (1) Be eight and one-half inches by eleven inches or eight and one-half inches by fourteen inches.

- (2) Have a blank margin of three inches at the top of the first page and blank margins of at least one-half inches on the remaining sides of the first page and on all sides of subsequent pages.
- (3) Be typed or printed in black on white paper in a legible font. A font size no smaller than 9 points shall be considered legible. Blanks in an instrument may be completed in pen and corrections to an instrument may be made in pen.
- (4) Have text typed or printed on one side of a page only.
- (5) State the type of instrument at the top of the first page.

If an instrument does not meet these requirements, the register of deeds shall register the instrument after collecting the fee for nonstandard documents as required by G.S. 161-10(a)(18a) in addition to all other applicable recording fees. However, if an instrument fails to meet the requirements because it contains print in a font size smaller than 9 points, the register of deeds may register the instrument without collecting the fee for nonstandard documents if, in the discretion of the register of deeds, the instrument is legible.

§ 161-14(c) Repealed by Session Laws 2019-35, s. 4, effective June 21, 2019.

- (3) Uniform Commercial Code filings.
- (4) Torrens Registrations.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
