§ 162A-93(a) No city may duplicate water or sewer services provided by a district under this Article by installing parallel lines and requiring owners of improved property in territory annexed by the city to connect, except with consent of the district governing body.

§ 162A-93(b) The provisions of subsection (a) shall not apply if the city council adopts an annexation ordinance including an area served by a district and finds, after a public hearing, that adequate fire protection cannot be provided in the area because of the level of available water service. Notice of the public hearing shall be provided by first class mail to each affected customer and by publication in a newspaper having general circulation in the area, each not less than 10 days before the hearing. The clerk's certification of the mailing shall be deemed conclusive in the absence of fraud. Any resident of the annexed area aggrieved by such a finding of the council may file a petition for review in the superior court in the nature of certiorari, within 30 days after the finding. The petition for review in the nature of certiorari shall comply with G.S. 160D-1402.

§ 162A-93(c) Provision of public water and sewer services by a district under this Article to an area annexed by a city shall satisfy the city's obligation to provide for water and sewer services under G.S. 160A-35 and G.S. 160A-47. The city may negotiate for purchase of the lines or systems owned and operated by the district.

§ 162A-93(d) Upon annexation by a city of an area served by a district under this Article, the city may provide for installation of and use fire hydrants on the district water lines, by arrangement with the district and at the city's cost.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
