In addition to the definitions stated below, the definitions set forth in Article 15A of this Chapter also apply to this Part. As used in this Part:

"Ballot" means an instrument on which a voter indicates that voter's choice for a ballot item so that it may be recorded as a vote for or against a certain candidate or referendum proposal, and is evidenced by an individual paper document that bears marks made by the voter by hand or through electronic means, whether preprinted or printed in the voting enclosure.

"Ballot item" means a single item on a ballot in which the voters are to choose between or among the candidates or proposals listed.

"Ballot style" means the version of a ballot within a jurisdiction that an individual voter is eligible to vote. For example, in a county that uses essentially the same official ballot, a group office such as county commissioner may be divided into districts so that different voters in the same county vote for commissioner in different districts. The different versions of the county's official ballot containing only those district ballot items one individual voter may vote are the county's different ballot styles.

"Early voting" means casting a ballot in person prior to election day at the county board office or another location designated by the county board of elections for the purpose of casting ballots.

"Election" means the event in which voters cast votes in ballot items concerning proposals or candidates for office in this State or the United States. The term includes primaries, general elections, referenda, and special elections.

"Official ballot" means a ballot that has been certified by the State Board of Elections and produced by or with the approval of the county board of elections. The term does not include a sample ballot or a specimen ballot.

"Provisional official ballot" means an official ballot that is voted and then placed in an envelope that contains an affidavit signed by the voter certifying identity and eligibility to vote. Except for its envelope, a provisional official ballot shall not be marked to make it identifiable to the voter.

"Referendum" means the event in which voters cast votes for or against ballot questions other than the election of candidates to office.

"Voting booth" means the private space in which a voter is to mark an official ballot.

"Voting enclosure" means the room within the voting place that is used for voting.

"Voting place" means the building or area of the building that contains the voting enclosure.

"Voting system" means a system of casting and tabulating ballots. The term includes systems of paper ballots counted by hand as well as systems utilizing mechanical and electronic voting equipment. This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
