The General Assembly finds that:

The public safety necessitates the continuous development, modernization and implementation of standards and requirements of law relating to vehicle equipment, in accordance with expert knowledge and opinion.

The public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation.

The Division of Motor Vehicles, acting upon recommendations of the Vehicle Equipment Safety Commission and pursuant to the Vehicle Equipment Safety Compact provides a just, equitable and orderly means of promoting the public safety in the manner and within the scope contemplated by this Article.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
