

Nonresident commercial driver license.

The Division may issue a nonresident commercial driver license (NRCDL) to a resident of a foreign jurisdiction if the United States Secretary of Transportation has determined that the commercial motor vehicle testing and licensing standards in the foreign jurisdiction do not meet the testing standards established in 49 C.F.R., Part 383. The word "Nonresident" must appear on the face of the NRCDL. An applicant must surrender any NRCDL issued by another state. Prior to issuing a NRCDL, the Division shall establish the practical capability of revoking, suspending, or cancelling the NRCDL and disqualifying that person with the same conditions applicable to the commercial driver license issued to a resident of this State.

FULL SECTION

N.C. Gen. Stat. § 20-37.14 (1989).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
