§ 31-10(a) A witness to an attested written or a nuncupative will, to whom or to whose spouse a beneficial interest in property, or a power of appointment with respect thereto, is given by the will, is nevertheless a competent witness to the will and is competent to prove the execution or validity thereof. However, if there are not at least two other witnesses to the will who are disinterested, the interested witness and the interested witness's spouse and anyone claiming under the interested witness shall take nothing under the will, and so far only as their interests are concerned the will is void.

§ 31-10(b) A beneficiary under a holographic will may testify to such competent, relevant and material facts as tend to establish such holographic will as a valid will without rendering void the benefits to be received by the beneficiary thereunder. ## PINPOINT

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
