General Statutes of North Carolina, as published by the General Assembly	S.L. 2007-502, s. 3 — fourth act in the lineage	21 September 2026, 04:13 UTC	b63b78a4f7a53b9123f52176 - b7669afcb8c97e5db0e6db4c - 7f388a618ace7d14

§ 32A-19(a)

A principal, pursuant to a health care power of attorney, may grant to the health care agent full power and authority to make health care decisions to the same extent that the principal could make those decisions for himself or herself if he or she had capacity to make and communicate health care decisions, including without limitation, the power to authorize withholding or discontinuing life-prolonging measures and the power to authorize the giving or withholding of mental health treatment. A health care power of attorney may also contain or incorporate by reference any lawful guidelines or directions relating to the health care of the principal as the principal deems appropriate.

§ 32A-19(a1)

A health care power of attorney may incorporate or be combined with an advance instruction for mental health treatment prepared pursuant to Part 2 of Article 3 of Chapter 122C of the General Statutes. A health care agent's decisions about mental health treatment shall be consistent with any statements the principal has expressed in an advance instruction for mental health treatment if one so exists, and if none exists, shall be consistent with what the agent believes in good faith to be the manner in which the principal would act if the principal did not lack capacity to make or communicate health care decisions. A health care agent is not subject to criminal prosecution, civil liability, or professional disciplinary action for any action taken in good faith pursuant to an advance instruction for mental health treatment.

§ 32A-19(b)

A health care power of attorney may authorize the health care agent to exercise any and all rights the principal may have with respect to anatomical gifts, the authorization

of any autopsy, and the disposition of remains; provided this authority is limited to incurring reasonable costs related to exercising these powers, and a health care power of attorney does not give the health care agent general authority over a principal's property or financial affairs.

§ 32A-19(c) A health care power of attorney may contain, and the authority of the health care agent shall be subject to, the specific limitations or restrictions as the principal deems appropriate.

§ 32A-19(d) The powers and authority granted to the health care agent pursuant to a health care power of attorney shall be limited to the matters addressed in it, and, except as necessary to exercise such powers and authority relating to health care, shall not confer any power or authority with respect to the property or financial affairs of the principal.

§ 32A-19(e) This Article shall not be construed to invalidate a power of attorney that authorizes an agent to make health care decisions for the principal, which was executed prior to October 1, 1991.

§ 32A-19(f) A health care power of attorney does not limit any authority in Article 5 of Chapter 122C of the General Statutes either to take a person into custody or to admit, retain, or treat a person in a facility.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
