§ 53-232.10(a) An international banking corporation licensed under this Article shall hold, at its office in this State, currency, bonds, notes, debentures, drafts, bills of exchange, or other evidence of indebtedness or other obligations payable in the United States or in United States funds or, with the prior approval of the Commissioner, in funds freely convertible into United States funds in an amount that is not less than one hundred eight percent (108%) of the aggregate amount of liabilities of the international banking corporation payable at or through its office in this State or as a result of the operations of the international bank branch or international bank agency, including acceptances, but excluding:

- (1) Accrued expenses; and
- (2) Amounts due and other liabilities to other offices, agencies, or branches of and wholly owned, except for a nominal number of directors' shares, subsidiaries of the international banking corporation.

§ 53-232.10(b) For the purpose of this Article, the Commissioner shall value marketable securities at principal amount or market value, whichever is lower, and may determine the value of any nonmarketable bond, note, debenture, draft, bill of exchange, or other evidence of indebtedness or of any other obligation held by or owed to the international banking corporation in this State. In determining the amount of assets for the purpose of computing the above ratio of assets, the Commissioner may exclude any particular assets, but may give credit, subject to any rules adopted by the Commissioner, to deposits and credit balances with unaffiliated banking institutions outside this State if the deposits or credit balances are payable in United States funds or in currencies

freely convertible into United States funds. In no case shall credit given for the deposits and credit balances exceed in aggregate amounts any percentage, but not less than eight percent (8%), as the Commissioner may from time to time prescribe, of the aggregate amount of liabilities of the international banking corporations.

§ 53-232.10(c) If, by reason of the existence or the potential occurrence of unusual or extraordinary circumstances, the Commissioner considers it necessary or desirable for the maintenance of a sound financial condition, for the protection of creditors and the public interest, and to maintain public confidence in the business of the international bank agency of the international banking corporation, the Commissioner may reduce the credit to be given as provided in this section for deposits and credit balances with unaffiliated banking institutions outside this State and may require the assets to be held in this State under this Article with any bank or trust company existing under the laws of this State that the international banking corporation designates and the Commissioner approves.

§ 53-232.10(d) An international bank branch and international bank agency shall file any reports with the Commissioner as the Commissioner may require in order to determine compliance by the international bank branch or international bank agency with this section.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
