- § 62-141(a)

Except when expressly permitted by the Commission, it shall be unlawful for any common carrier to charge or receive any greater compensation in the aggregate for the transportation of like kind of household goods under substantially similar circumstances and conditions for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier within the terms of this Chapter to charge and receive as great compensation for a shorter as for a longer distance.
- § 62-141(b)

Upon application to the Commission, common carriers may in special cases be authorized to charge less for longer than for shorter distances for the transportation of household goods; and the Commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section.

Amendment lineage

The State prints this history as a single parenthetical at the foot of the section. It is reproduced verbatim in the colophon and unpacked below in order of enactment.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
