Rental car companies shall make a good-faith effort to ensure that any vehicle license and registration fees collected do not exceed the actual costs incurred by the rental car company to license, title, inspect, and register rental vehicles. Any amounts collected by the rental car company in excess of the actual amount of its costs incurred shall be retained by the rental car company and applied to the costs incurred in the next calendar year for licensing, titling, inspecting, and registering rental vehicles. In that event, the good-faith estimate of any vehicle license and registration fees to be charged by the company in the next calendar year shall be reduced to take into account the excess amount collected from the prior year. For purposes of this section, "rental vehicles" also includes motor vehicles of the cargo type, including a cargo van, pickup truck, or truck with a gross vehicle weight rating of 26,000 pounds or less used predominantly in the transportation of property for other than commercial freight and that does not require the operator to possess a commercial drivers license. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
