

CHAPTER 66

ARTICLE 45 - PAWNBROKERS, METAL DEALERS, AND SCRAP DEALERS

N.C.G.S. § 66-421.

Required records and receipts for regulated metals transactions.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 04:13 UTC	eef52f03a51cbceb8f9c4477 - abdfc6c40578643cdb816fed - da53ff3d400acf86

§ 66-421(a)

Receipt Required. - A secondary metals recycler shall issue a receipt for all purchase transactions in which the secondary metals recycler purchases regulated metals property. This receipt shall be issued to and signed by the person delivering the property, and the secondary metals recycler shall be able to provide documentation regarding the employee who completed the transaction.

§ 66-421(b)

Records Required. - A secondary metals recycler shall maintain an electronic record of all purchase transactions in which the secondary metals recycler purchases regulated metals property. The record of each transaction shall contain the following information:

- (1) The name and address of the secondary metals recycler.
- (2) The name, initials, or other identification of the individual entering the information.
- (3) The date of the transaction.
- (4) The weight of the regulated metals property purchased.
- (5) The description made in accordance with the custom of the trade of the type of regulated metals property purchased and the physical address where the regulated metals were obtained by the seller and the date when purchased, and a statement signed by the seller or the seller's agent certifying that the seller or the seller's agent has the lawful right to sell and dispose of the property.

- (6) The amount of consideration given for the regulated metals property.
- (7) The name and address of the vendor of the regulated metals property and the license plate number, make, model, and color of the vehicle used to deliver the regulated metals.
- (8) A photocopy or electronic scan of the unexpired drivers license or state or federally issued photo identification card of the person delivering the regulated metals property to the secondary metals recycler. If the secondary metals recycler has a copy of the valid photo identification of the person delivering the regulated metals property on file, the secondary metals recycler must examine the photo identification and verify that it has not expired, but may reference the photo identification that is on file without making a separate photocopy or electronic scan for each subsequent transaction. If the person delivering the regulated metals property does not have an unexpired drivers license or an unexpired state or federally issued photo identification card, the secondary metals recycler shall not complete the transaction.
- (9) A copy of the receipt required under subsection (a) of this section when all the information required under subsection (a) of this section is clear and legible or, in the event the copy of the receipt is not clear or not legible, the original receipt.
- (10) A video or digital photograph of the seller together with the regulated metals property being delivered by the seller. The video or photograph required by this section shall be of a quality that is sufficient to allow a person of ordinary faculties to identify the person recorded or photographed.

(11) In transactions involving catalytic converters that are not attached to a vehicle, and central air conditioner evaporator coils or condensers, the person delivering the materials shall place next to that person's signature on the receipt required under subsection (a) of this section, a clear impression of that person's index finger that is in ink and free of any smearing. A secondary metals recycler may elect to obtain the fingerprint electronically. If the secondary metals recycler has a copy of the fingerprint of the person delivering the nonferrous metal on file, the secondary metals recycler must examine the photo identification, but may reference the fingerprint that is on file without making a separate fingerprint for each subsequent transaction. If a secondary metals recycler purchases a catalytic converter pursuant to G.S. 66-424(a)(3a), then the secondary metals recycler shall make and retain a copy of all documentation provided to and relied upon by the secondary metals recycler in determining the status of the seller of the catalytic converter. (2012-46, s. 28; 2021-154, s. 2.)

FULL SECTION
N.C. Gen. Stat. § 66-421 (2026).

PINPOINT
N.C. Gen. Stat. § 66-421(a) (2026).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
