Notwithstanding any other provisions of this Article, the Secretary of Environmental Quality shall have authority to remove or cause to be removed from Ocracoke Island and Shackleford Banks all ponies known as banks ponies or marsh ponies if and when he determines that such action is essential to prevent damage to the island. In the event such a determination is made, the Secretary, in lieu of removing all ponies, may require that they be restricted to a certain area or corralled so as to prevent damage to the island. In the event such action is taken, the Secretary is authorized to take such steps and act through his duly designated employees or such other persons as, in his opinion, he deems necessary and he may accept any assistance provided by or through the National Park Service.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
