

CHAPTER 74

ARTICLE 7 - THE MINING ACT OF 1971

N.C.G.S. § 74-56.

Inspection and approval of reclamation; bond release or forfeiture.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	c. 504, s. 3 — fourth act in the lineage	21 September 2026, 04:01 UTC	ae6787345f71af44caff666c - b1df0cefe85a452542a896ab - 6f7f10343803edd1

§ 74-56(a)

The Department may direct investigations as it may reasonably deem necessary to carry out its duties as prescribed by this Article, and for this purpose may enter at reasonable times upon any mining operation for the purpose of determining compliance with this Article and any rules adopted under this Article and for determining compliance with the terms and conditions of a mining permit, but for no other purpose. No person shall refuse entry or access to any authorized representative of the Department who enters the mining operation for purposes of inspection or other official duties and who presents appropriate credentials; nor shall any person obstruct, hamper, or interfere with the representative while the representative is carrying out official duties. Upon arriving at the site, the representative of the Department shall make every reasonable effort to notify the operator or the operator's agent that the representative of the Department intends to inspect the site. Upon receipt of the operator's annual report or report of completion of reclamation and at any other reasonable time the Department may elect, the Department shall cause the permit area to be inspected to determine whether the operator has complied with the reclamation plan, the requirements of this Article, any rules adopted under this Article, and the terms and conditions of the permit.

§ 74-56(b)

The operator shall proceed with reclamation as scheduled in the approved reclamation plan. The Department shall conduct an inspection and give written notice to the operator of any deficiencies noted. The operator shall thereupon commence action within 30 days to rectify these deficiencies and shall diligently proceed until they have been corrected. The Department may extend performance periods referred to in this

section and in G.S. 74-53 for delays clearly beyond the operator's control, but only in cases where the Department finds that the operator is making every reasonable effort to comply.

§ 74-56(c)

Upon completion of reclamation of an area of affected land, the operator shall notify the Department. The Department shall make an inspection of the area, and if it finds that reclamation has been properly completed, it shall notify the operator in writing and release the operator from further obligations regarding the affected land. At the same time the Department shall release all or the appropriate portion of any performance bond or other security that the operator has posted under G.S. 74-54.

§ 74-56(d)

If at any time the Department finds that reclamation of the permit area is not proceeding in accordance with the reclamation plan and that the operator has failed within 30 days after notice to commence corrective action, or if the Department finds that reclamation has not been properly completed in conformance with the reclamation plan within two years, or longer if authorized by the Department, after termination of mining on any segment of the permit area, the Department shall initiate forfeiture proceedings against the bond or other security filed by the operator under G.S. 74-59. In addition, failure to implement the reclamation plan shall constitute grounds for suspension or revocation of the operator's permit, as provided in G.S. 74-58.

FULL SECTION

N.C. Gen. Stat. § 74-56 (1995).

PINPOINT

N.C. Gen. Stat. § 74-56(a) (1995).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
