General Statutes of North Carolina, as published by the General Assembly	c. 279, s. 1 — first act in the lineage	21 September 2026, 02:49 UTC	b2284c68e6964db952656e49 - 8feb4aa59f98717c6dcd74d0 - 42abcb876d1d1e92

The General Assembly finds that exploration for uranium within the State has the potential to lead to employment opportunities and other economic benefits for the citizens of North Carolina.

However, improper and unregulated exploration for uranium could adversely affect the health, safety and general welfare of the citizens of this State and could cause environmental harm.

The purpose of this Article is to assure that such exploration will be accomplished in a manner that protects the environment and the health, safety and welfare of the public.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
