Except for security interests in vessels that are inventory held for sale, security interests created in vessels by the voluntary act of the owner after the original issue of title to the owner must be shown on the certificate of title. In such cases, the owner shall file an application with the Commission on a form furnished for that purpose, setting forth all security interests and other information as the Commission requires. The Commission, if satisfied that it is proper that the security interests be recorded, shall upon submission of the certificate of title covering the vessel, issue a new certificate of title showing any security interests in the order of the priority according to the date of the filing of the application. For the purpose of recording the subsequent security interest, the Commission may require any secured party to deliver the certificate of title to the Commission. The newly issued certificate shall be sent or delivered to the secured party of first priority listed on the certificate of title.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
