The Commission shall set charges for pilotage services on a published tariff basis to be reviewed and revised annually as necessary. The initial publication of rates shall be those now in effect and subsequent revisions shall be preceded by public notice at least 30 days prior to publication. The rates may be based on the method chosen by the Commission and may be varied on a geographic or other basis which the Commission deems appropriate. In establishing pilotages' rates, the Commission shall consider, but not be limited to, factors such as vessels' lengths, tonnage, vessels' drafts, general design of vessels, distances for which pilotage services are to be provided, nature of waters to be traversed and the rates for comparable pilotage services in other ports. Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
