§ 78A-26(a) Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination.

§ 78A-26(b) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in G.S. 78A-28(c) and the consent to service of process required by G.S. 78A-63(f):

- (1) One copy of the latest form of prospectus filed under the Securities Act of 1933;
- (2) A copy of the articles of incorporation and bylaws or their substantial equivalents currently in effect, a copy of any agreements with or among underwriters, a copy of any indenture or other instrument governing the issuance of the security to be registered, and a specimen or copy of the security;
- (3) If the Administrator requests, any other information or copies of any other documents filed under the Securities Act of 1933; and
- (4) An undertaking to forward all future amendments to the federal prospectus, other than an amendment which merely delays the effective date of the registration statement, promptly and in any event not later than the first business day after they are forwarded to or filed with the Securities and Exchange Commission, whichever first occurs.

§ 78A-26(c) A registration statement under this section automatically becomes effective at the moment the federal registration statement becomes effective if all the following conditions are satisfied: (i) no stop order is in effect and no proceeding is pending under G.S. 78A-29; (ii) the registration statement has been on file with the

Administrator for at least 10 days; and (iii) a statement of the maximum proposed offering price and the maximum underwriting discounts and commissions expressed as a percentage of the final offering price has been on file for two full business days or such shorter period as the Administrator permits by rule or otherwise and the offering is made within those limitations. The registrant shall promptly notify the Administrator by telephone or telegram of the date and time when the federal registration statement became effective and the content of the price amendment, if any, and shall promptly file a post-effective amendment containing the information and documents in the price amendment. "Price amendment" means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price. Upon failure to receive the required notification and post-effective amendment with respect to the price amendment, the Administrator may enter a stop order without notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with this subsection, if he promptly notifies the registrant by telephone or telegram (and promptly confirms by letter or telegram when he notifies by telephone) of the issuance of the order. If the registrant proves compliance with the requirements of this subsection as to notice and post-effective amendment, the stop order is void as of the time of its entry. The Administrator may by rule or otherwise waive either or both of the conditions specified in clauses (ii) and (iii). If the federal registration statement becomes effective before all the conditions in this subsection are satisfied and they are not waived, the registration statement automatically becomes effective as soon as all the conditions are satisfied. If the registrant advises the Administrator of the date when the federal registration statement is expected to become effective, the Administrator shall promptly advise the registrant by telephone or telegraph, at the registrant's expense, whether all the conditions are satisfied and whether he then contemplates the institution of a proceeding under G.S. 78A-29; but this advice by the Administrator does not preclude the institution of such a proceeding at any time.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
