Weights and measures that are traceable to the U.S. Prototype Standards supplied by the United States, or approved as being satisfactory by the National Institute of Standards and Technology, shall be the State primary standards of weights and measures, and shall be maintained in such calibration as prescribed by the National Institute of Standards and Technology. All secondary standards may be prescribed by the Commissioner and shall be verified upon their initial receipt and as often thereafter as deemed necessary by the Commissioner or his authorized agent. Complete record of the standards belonging to the State shall be maintained by the Commissioner.

## APPARATUS III

## Citation

## FULL SECTION

N.C. Gen. Stat. § 81A-8 (1991).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
