Upon request by a licensee for inactive status, the Board shall place the licensee's name on the inactive list. While on the inactive list, the person shall not be subjected to renewal requirements and shall not practice electrology in North Carolina. When that person desires to be removed from the inactive list and returned to an active list, a reactivation application shall be submitted to the Board on a form furnished by the Board and the fee shall be paid for license reactivation. The Board may require evidence of competency to resume practice before returning the applicant to the active status. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
