The Board is authorized to impose an annual fee on operators in order to provide sufficient moneys to fund the activities and operations of the Board in reviewing reports of alleged violations of this Article. The fee shall be based on volume of notifications provided by the Notification Center to an operator as compared to the total volume of notifications to all operators in the preceding fiscal year and shall be set at a rate determined by the Board such that the total proceeds of all fees collected shall not exceed two hundred thousand dollars (\$200,000) annually to fund the activities and operations of the Board. The Board may exclude de minimis contributors from any fee assessment under this subsection. Failure to pay the assessed fee within 30 days of when the fee is due is a violation of this Article, and the Board may seek the imposition of a penalty for the nonpayment under the procedures set forth in G.S. 87-129(b1). Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
