

CHAPTER 89C

N.C.G.S. § 89C-24.

Licensure of corporations and business firms that engage in the practice of engineering or land surveying.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	S.L. 2000-115, s. 3 — eighth act in the lineage	21 September 2026, 04:46 UTC	fd2f6b26a5146e441d3f6388 - bdaf10a412602d653498bca8 - 6b04dbdc7b18e220

A corporation or business firm may not engage in the practice of engineering or land surveying in this State unless it is licensed by the Board and has paid an application fee established by the Board in an amount not to exceed one hundred dollars (\$100.00). A corporation or business firm is subject to the same duties and responsibilities as an individual licensee. Licensure of a corporation or business firm does not affect the requirement that all engineering or land surveying work done by the corporation or business firm be performed by or under the responsible charge of individual registrants, nor does it relieve the individual registrants within a corporation or business firm of their design and supervision responsibilities. The Board may adopt rules regulating the operation of offices and places of business of corporations and business firms licensed under this section to ensure that professional engineering and land surveying services are performed under the supervision of licensed professional engineers and land surveyors.

This section applies to every corporation that is engaged in the practice of engineering or land surveying, regardless of when it was incorporated. A corporation that is not exempt from Chapter 55B of the General Statutes by application of G.S. 55B-15 must be incorporated under that Chapter.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
