Any person except as specifically exempted below who shall publicly practice or offer to publicly practice geology in this State is subject to the provisions of this Chapter. The following persons are exempt:

Persons engaged solely in teaching the science of geology or engaged solely in geologic research in this State. A teacher or researcher must, however, be a licensed geologist to perform geologic work and services for which a license is required by this Chapter.

Officers and employees of the United States of America and the State of North Carolina practicing solely as such officers or employees.

Officers and employees of petroleum companies practicing solely as such officers and employees and not offering their professional services to the public for hire.

A subordinate to a licensed geologist when acting solely in that capacity. This exemption does not permit a subordinate to practice geology for others in the subordinate's own right or use the term "licensed geologist." (1983 (Reg. Sess., 1984), c. 1074, s. 1; 2025-25, s. 9(c).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
