- § 90-113.52A(a)

A retailer shall, before completing a sale of a product containing a pseudoephedrine product, electronically submit the required information to the National Precursor Log Exchange (NPLEx) administered by the National Association of Drug Diversion Investigators (NADDI), provided that the NPLEx system is available to retailers in the State without a charge for accessing the system and the retailer has internet access. The seller shall not complete the sale if the system generates a stop alert. Absent negligence, wantonness, recklessness, or deliberate misconduct, any retailer utilizing the electronic sales tracking system in accordance with this subsection shall not be civilly liable as a result of any act or omission in carrying out the duties required by this subsection and shall be immune from liability to any third party unless the retailer has violated any provision of this subsection in relation to a claim brought for such violation.
- § 90-113.52A(b)

If a pharmacy selling a product containing a pseudoephedrine product experiences mechanical or electronic failure of the electronic sales tracking system and is unable to comply with the electronic sales tracking requirement, the pharmacy or retail establishment shall record that the sale was made without submission to the NPLEx system in the record of disposition required under G.S. 90-113.52.
- § 90-113.52A(c)

The NADDI shall forward North Carolina transaction records in NPLEx to the State Bureau of Investigation weekly and provide real-time access to NPLEx information through the NPLEx online portal to law enforcement in the State as authorized by the SBI, provided that the SBI executes a memorandum of understanding with NADDI governing access.

§ 90-113.52A(d) This system shall be capable of generating a stop sale alert, which shall be a notification that completion of the sale would result in the seller or purchaser violating the quantity limits set forth in G.S. 90-113.52. The system shall contain an override function that may be used by a dispenser of a pseudoephedrine product who has a reasonable fear of imminent bodily harm if the dispenser does not complete a sale. Each instance in which the override function is utilized shall be logged by the system. (2011-240, s. 2; 2025-25, s. 29(3).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
