- § 90-21.81C(a)

Procedure Information. - A qualified physician who advises, procures, or causes a miscarriage or abortion after the twelfth week of a woman's pregnancy shall record all of the following: (i) the method used by the qualified physician to determine the probable gestational age of the unborn child at the time the procedure is to be performed, (ii) the results of the methodology, including the measurements of the unborn child, and (iii) an ultrasound image of the unborn child that depicts the measurements. The qualified physician shall provide this information, including the ultrasound image, to the Department of Health and Human Services pursuant to subsection (c) of this section.
- § 90-21.81C(b)

Recording of Findings. - A qualified physician who procures or causes a miscarriage or abortion after the twelfth week of a woman's pregnancy shall record the findings and analysis on which the qualified physician based the determination that there existed a medical emergency, life-limiting anomaly, rape, or incest and shall provide that information to the Department of Health and Human Services pursuant to subsection (c) of this section. Materials generated by the physician or provided by the physician to the Department of Health and Human Services pursuant to this section shall not be public records under G.S. 132-1. The information provided under this subsection shall be for statistical purposes only, and the confidentiality of the patient and the physician shall be protected. It is the duty of the qualified physician to submit information to the Department of Health and Human Services that omits identifying information of the patient and complies with Health Insurance Portability and Accountability Act of 1996 (HIPAA).

- § 90-21.81C(c)** Reports. - The Department of Health and Human Services shall prescribe and collect on an annual basis, from hospitals, ambulatory surgical facilities, or licensed clinics where abortions are performed, statistical summary reports concerning the medical and demographic characteristics of the abortions provided for in this section, including the information described in subsection (b) of this section as it shall deem to be in the public interest. Hospitals, ambulatory surgical facilities, or licensed clinics where abortions are performed shall be responsible for providing these statistical summary reports to the Department of Health and Human Services. The reports shall be for statistical purposes only, and the confidentiality of the patient relationship shall be protected. Materials generated by the physician or provided by the physician to the Department of Health and Human Services pursuant to this section shall not be public records under G.S. 132-1.
- § 90-21.81C(d)** Fetal Death Reporting. - The requirements of G.S. 130A-114 are not applicable to abortions performed pursuant to this section.
- § 90-21.81C(e)** Medical Personnel Objection. - No physician, nurse, or any other health care provider who shall state an objection to abortion on moral, ethical, or religious grounds shall be required to perform or participate in medical procedures which result in an abortion. The refusal of a physician, nurse, or health care provider to perform or participate in these medical procedures shall not be a basis for damages for the refusal or for any disciplinary or any other recriminatory action against the physician, nurse, or health care provider.
- § 90-21.81C(f)** Requirement of Services. - Nothing in this section shall require a hospital, other health care institution, or other health care provider to perform an abortion or to provide abortion services.
- § 90-21.81C(g)** Clinic Inspection. - The Department of Health and Human Services shall annually inspect any clinic, including ambulatory surgical facilities and any suitable facility under G.S. 90-21.82A, where abortions are performed. The Department of Health and Human Services shall publish on the Department's website and on the State website established under this Article the results and findings of all inspections conducted on or after January 1, 2013, of suitable facilities, including ambulatory surgical facilities, where abortions are performed, including any statement of deficiencies and any notice of administrative action resulting from the inspection. No person who is less than 18 years of age shall be employed at any clinic, including ambulatory surgical facilities,

where abortions are performed. The requirements of this subsection shall not apply to a hospital required to be licensed under Chapter 131E of the General Statutes.-(2023-14, s. 1.2.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
