The practice of professional counseling occurs in the state where the patient or client is located at the time of the counseling services. The Compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure. This Compact is designed to achieve the following objectives:

Enhance the states' ability to protect the public's health and safety.

Encourage the cooperation of member states in regulating multistate licensed professional counselors.

Support spouses of relocating active duty military personnel.

Enhance the exchange of licensure, investigative, and disciplinary information among member states.

Facilitate the use of telehealth technology in order to increase access to professional counseling services.

Support the uniformity of professional counseling licensure requirements throughout the states to promote public safety and public health benefits.

Invest all member states with the authority to hold a licensed professional counselor accountable for meeting all state practice laws in the state in which the client is located at the time care is rendered through the mutual recognition of member state licenses.

Eliminate the necessity for licenses in multiple states.

Provide opportunities for interstate practice by licensed professional counselors who meet uniform licensure requirements. (2022-52, s. 1.)

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.
