§ 90-412(a) Notwithstanding any other provision of law, any health care provider or facility licensed, certified, or registered under the laws of this State or any unit of State or local government may create and maintain medical records in an electronic format. The health care provider, facility, or governmental unit shall not be required to maintain a separate paper copy of the electronic medical record. A health care provider, facility, or governmental unit shall maintain electronic medical records in a legible and retrievable form, including adequate data backup.

§ 90-412(b) Notwithstanding any other provision of law, any health care provider or facility licensed, certified, or registered under the laws of this State or any unit of State or local government may permit authorized individuals to authenticate orders and other medical record entries by written signature, or by electronic or digital signature in lieu of a signature in ink. Medical record entries shall be authenticated by the individual who made or authorized the entry. For purposes of this section, "authentication" means identification of the author of an entry by that author and confirmation that the contents of the entry are what the author intended.

§ 90-412(c) The legal rights and responsibilities of patients, health care providers, facilities, and governmental units shall apply to records created or maintained in electronic form to the same extent as those rights and responsibilities apply to medical records embodied in paper or other media. This subsection applies with respect to the security, confidentiality, accuracy, integrity, access to, and disclosure of medical records. (1999-247, s. 2; 2007-248, s. 3.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
