The identification of accident-trauma victims is crucial to the timely notification of the next of kin of accident-trauma victims and to the recovery of organs and tissues for organ transplants. In recognition of these facts, it is the policy of this State and the purpose of this act to provide for the timely identification of accident-trauma victims by law enforcement, fire, emergency, rescue, and hospital personnel. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
