General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 03:31 UTC	2216bf6a095ae1c3835a14d4 - ae53cfd4f55db6497054933c - 9b12fb0ab879f7a3

§ 90-85.41(a) The North Carolina Board of Pharmacy may, under rules adopted by the Board in compliance with Chapter 150B of the General Statutes, enter into agreements with special impaired pharmacy personnel peer review organizations. Peer review activities to be covered by such agreements shall include investigation, review and evaluation of records, reports, complaints, litigation, and other information about the practices and practice patterns of pharmacy personnel licensed or registered by the Board, as such matters may relate to impaired pharmacy personnel. Special impaired pharmacy personnel peer review organizations may include a statewide supervisory committee and various regional and local components or subgroups.

§ 90-85.41(b) Agreements authorized under this section shall include provisions for the impaired pharmacy personnel peer review organizations to receive relevant information from the Board and other sources, conduct any investigation, review, and evaluation in an expeditious manner, provide assurance of confidentiality of nonpublic information and of the peer review process, make reports of investigations and evaluations to the Board, and to do other related activities for operating and promoting a coordinated and effective peer review process. The agreements shall include provisions assuring basic due process for pharmacy personnel that become involved.

§ 90-85.41(c) The impaired pharmacy personnel peer review organizations that enter into agreements with the Board shall establish and maintain a program for impaired

pharmacy personnel licensed or registered by the Board for the purpose of identifying, reviewing, and evaluating the ability of those pharmacists to function as pharmacists, and pharmacy technicians to function as pharmacy technicians, and to provide programs for treatment and rehabilitation. The Board may provide funds for the administration of these impaired pharmacy personnel peer review programs. The Board shall adopt rules to apply to the operation of impaired pharmacy personnel peer review programs, with provisions for: (i) definitions of impairment; (ii) guidelines for program elements; (iii) procedures for receipt and use of information of suspected impairment; (iv) procedures for intervention and referral; (v) arrangements for monitoring treatment, rehabilitation, posttreatment support, and performance; (vi) reports of individual cases to the Board; (vii) periodic reporting of statistical information; and (viii) assurance of confidentiality of nonpublic information and of the peer review process.

§ 90-85.41(d)

Upon investigation and review of a pharmacist licensed by the Board, or a pharmacy technician registered with the Board, or upon receipt of a complaint or other information, an impaired pharmacy personnel peer review organization that enters into a peer review agreement with the Board shall report immediately to the Board detailed information about any pharmacist licensed or pharmacy technician registered by the Board, if:

- (1) The pharmacist or pharmacy technician constitutes an imminent danger to the public or himself or herself.
- (2) The pharmacist or pharmacy technician refuses to cooperate with the program, refuses to submit to treatment, or is still impaired after treatment and exhibits professional incompetence.
- (3) It reasonably appears that there are other grounds for disciplinary action.

§ 90-85.41(e)

Any confidential patient information and other nonpublic information acquired, created, or used in good faith by an impaired pharmacy personnel peer review organization pursuant to this section shall remain confidential and shall not be subject to discovery or subpoena in a civil case. No person participating in good faith in an impaired pharmacy personnel peer review program developed under this section shall be required in a civil case to disclose any information (including opinions, recommendations, or evaluations) acquired or developed solely in the course of participating in the program.

§ 90-85.41(f)

Impaired pharmacy personnel peer review activities conducted in good faith pursuant to any program developed under this section shall not be grounds for civil action under the laws of this State, and the activities are deemed to be State directed and sanctioned and shall constitute "State action" for the purposes of application of antitrust laws. This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.
